

State Arbitration Training Graduates in the 19th Circuit

The Florida Supreme Court does not certify arbitrators, only mediators. Court appointed non-binding arbitrators, serving under Chapter 44, are required to have completed a 4 hour approved arbitration training and be members of The Florida Bar (unless the parties stipulate to a non attorney serving on an arbitration panel). Arbitrators meeting these criteria can refer to themselves as “Qualified Arbitrators”. However, the DRC states that “these individuals may or may not qualify to be appointed by the court”. The names below are from the DRC which maintains a master list, “static in terms of the contact information”, of all individuals who have taken the required 4 hour class. There are no individuals residing in Okeechobee County.
